9:00 AM - 10:30 AM

### SURVIVING AND THRIVING AS A NEW CTE TEACHER

The first weeks in the classroom can be a whirlwind; what can you do to keep your year going strong? Discover ways to engage all the learners in your classroom with total participation techniques, no matter your content area. Share strategies that work with your CTE peers and build your toolbox for the months ahead.

11:00 AM - 12:30 PM

### UDL FOR CTE: STRATEGIES FOR ACCESSIBLE & INCLUSIVE TEACHING

In this interactive workshop, you will be introduced to the three guiding principles of UDL through scenarios you are likely to encounter in your CTE classroom. You'll leave the session with foundational knowledge, suggestions tailored to the specific contexts of CTE, recommended resources, and a basic UDL action plan to support your further learning and application.

1:00 PM - 2:30 PM

### VOCABULARY INSTRUCTION FOR MULTILINGUAL LEARNERS IN CTE

In this workshop, participants will explore research-based practices and practical approaches to facilitate vocabulary acquisition. From hands-on activities to collaborative discussions, you'll learn ready-to-go instructional strategies that promote active learning and context-based understanding while creating an inclusive and engaging learning environment that aligns with the goals of your CTE program.
